## Hose Coupling Competitions, Saturday, July 1st

### Czechoslovakian Consul Addresses Meeting

Oldrich Toser, Consul of the Czechoslovak Socialist Republic, of Montreal, addressed a meeting of some 40 Czechoslovakian people in the Union hall in Blairmore on Sunday evening.

Czechoslovakian Ambassador to Canada, P. Tauer, who was also to have visited the Pass, was unable to be present due to business commitments in Victoria. Following the meeting in the Union hall an interview was had with Mr. Toser.

Mr. Toser, born in Czechoslovakia, came to Canada four years ago as Consul for his country.

Prior to accepting his present position Mr. Toser was a journalist and editor for eight years with the Czechoslovakian publication the "Voice of the People". He mentioned the fact that the University of Prague and Bratislava have special courses in journalism.

Mr. Toser stated that his main ambition and purpose was to develop trade and good relations between Canada and Czechoslovakia. He had high praise for the friendliness of the Canadian people, adding that Canadians have a friendly open mind, are excellent business men and are people who can appreciate quality and good prices of Czechoslovakian goods.

He stated that Czechoslovakian business was developing in great strides and that at present there was not one person unemployed in the entire country of Czechoslovakia and that to fulfill the plans the government there have, they require an additional 300,000 persons. He said that with this growing economy of his country, the doors to Czechoslovakia have been opened to Canada.

Trade between Canada and Czechoslovakia has increased very greatly the last few years and last year alone great amounts of aluminum, livestock and some 30,000 tons of wheat, totalling about 30,000,000 was purchased from Canada by Czechoslovakia.

In return Czechoslovakia exported to Canada some \$8,500,000 worth of goods including cut glass, Skoda cars, bikes and motorcycles, jewelry, rubber shoes and textiles. To increase trade between the two countries, Mr. Toser stated the Czechoslovakian Skoda car company are planning on building a \$300,000 service station and warehouse that will stock parts and repairs for Skoda cars.

The station is to be known as the Omni Trade Company, and will be under the charge of six Czechoslovakian people and 38 Canadian persons and is to be built in Montreal.

Czechoslovakia plans to sell some 400 to 600 cars to Canada next year and the sales will be made only in two provinces, Ontario and Quebec, since the demand for cars in Czechoslovakia is increasing, and only a limited number of the cars will be available for export.

He said that during the last few years three delegations from his homeland have visited Canada to study and see the large supermarkets in the bigger centres in Canada, to see Canadian highways, and to look over the fine motels in this country.

As a result of these visits large supermarkets are being built in Czechoslovakia and during the past year three new extremely large motels are being built to handle the increasing tourist traffic to Czechoslovakia.

He said that last year 1500 Canadians alone visited his country, and it is expected that over 2,000 will visit this year. Mr. Toser said tourist business is a great asset to the country, and Czechoslovakian people are catering to the business.

He stated that excellent accommodation can be had in the best hotels for \$8.00 per day which includes meals. In the health centres such as in the internationally famous Czechoslovakian Spas — medicinal springs areas — persons wishing treatment in these centres can live for \$12.00 per day, which

includes, room, board, medicinal fees, medication, etc.

Speaking on sport, Mr. Toser stated hockey in winter and soccer in summer were the country's main national sports.

Mr. Toser, who is a personal friend of "Rocket" Richard, of Montreal, said when the "Rocket" visited Czechoslovakia two years ago he was very surprised to see 17 huge artificial ice arenas with each having seating accommodation for over 15,000 persons.

Mr. Richard was also amazed at meeting 300 qualified coaches, who, he stated, know their hockey. Mr. Richard stated that it was surprising to see that all hockey fans in Czechoslovakia knew his name and asked for autographs.

He said he was also impressed with the fine way the Czechoslovakian children were dressed especially when attending the Church services on Sunday.

Mr. Toser said that in Czechoslovakia 60 per cent of the population are Catholic, 30 per cent Protestant and the remaining 10 per cent other religions.

After his return from a visit to Czechoslovakia, Mr. Richard was a guest at an affair in the Consulate gardens in Montreal, attended by some 400 guests, and Mr. Toser had the honor of presenting Rocket Richard with a Skoda Felicia car, a gift to the hockey player from his sport fans and admirers in Czechoslovakia.

Further commenting on friendly relations between Canada and Czechoslovakia, Mr. Toser stated that Jack Beaudry, symphony orchestra conductor of Montreal, left last week for Czechoslovakia where he will take part in the Prague Spring Festival. While there Mr. Beaudry will have the opportunity to conduct the Prague orchestra.

Also attending the Festival will be the famous Mr. Stokovsky of the United States.

Mr. Beaudry was invited to take part in the affair as the result of a tour he made in Czechoslovakia last fall when his talents were very greatly appreciated and recognized by the Czechoslovakian people.

Mr. Toser also mentioned the visit to Czechoslovakia two years ago of Mr. J. Latendresse, president of the International Trade Fair, of Montreal, who was extremely impressed with the progress the country had made with regard to cinematography. Mr. Toser mentioned the Latendresse Magic developed by the Czechoslovakian technicians, whereby entertainment is provided by actors who appear in person on the stage and also on film at the same time.

For example, he said several projectors are used and a musician can be seen playing several different instruments at one time on the screen (to form an orchestra) while the actor appears on stage in person playing an instrument.

Mr. Toser stated Mr. Latendresse was well satisfied with what he saw in Czechoslovakia as were the 50 person delegation from the Vancouver Board of Trade, who visited Czechoslovakia for three weeks. This trip was arranged by the British Columbia Minister of Trade and Commerce.

Mr. Toser was highly impressed with Western Canada and suggested a possible return trip to the area in the near future.

The Coleman Community Sports Association held its annual meeting last week and due to an extremely poor turn out no business was transacted.

### Questions and Answers in Coleman PROPOSED SEWERAGE

There appears to be some misunderstanding about the sewerage proposal, especially since the notices as required by Section 403 of the Town and Village Act were put in the paper. This is the same procedure used in any other community. It has been suggested that the Council is trying to force the installation of Sewerage without the consent of the ratepayers.

THIS IS NOT SO. The procedure being followed is necessary before a vote is held.

A Vote of the Ratepayers Will Be Taken on Wednesday, July 5, 1961, and it must be approved by a two-thirds majority of those ratepayers voting.

Before the voting, a Public Meeting is Being Called for Thursday, June 29, and we hope to have present at this meeting our engineers, and representatives of the Department of Health, Department of Municipal Affairs and Central Mortgage and Housing Corp. to speak on the matter and answer any questions. The Meeting Will Be at the Union Hall—8:30 p.m.

The voting and the public meeting were arranged but the dates had not been confirmed. Most of the procedure is set out in the various Acts of the Government, and must be followed. This takes time, and great care must be used. The Council is particularly anxious to take the vote before the holidays. As it is possible that some people may take their holidays on July 1, it is proposed to have an Advance Poll at the Town Office on Friday, June 30, between the hours of 3 o'clock and six o'clock in the afternoon.

As there still appears to be some confusion regarding charges for the sewerage, a few answers to specific questions will be answered. Who is charged the Frontage Tax?

The owner of each and every lot fronting or abutting on a street or avenue carrying the proposed sewer line will pay a frontage tax of 34c per front foot per year for a period of twenty-five years, but should the lot be irregular in shape or size, then a frontage is computed. Also, should a sewer line run along the long side of the lot, the charge will be on the frontage as for other lots. Furthermore, a corner lot will only pay on the frontage and not two sides of the lot.

What Will Be the Service Charges? All residential units will pay a monthly charge of \$2.50 but the commercial units will pay a charge in keeping with the use made of the system — for example, the Grand Union Hotel may pay about \$70.00 per month.

What About 'Tax Free' Property? On the sewerage question there is no 'Tax Free' property. These properties, such as the School and Government Buildings, will pay the frontage tax and the share of the monthly service charges.

Why Is the Frontage Unit Rate The Same For All Lots?

The frontage assessment is against the land and not the buildings on it. We do not know in the course of the next twenty-five years what use will be made of the land. When purchasing land anywhere, the price paid for land does not take into account what will be built on the land, as the purchaser does not have to state what he intends to build.

Why Not Charge Each Owner The Same Amount no Matter What Size the Lot?

As the frontage tax helps pay for the cost of installing the sewer line, then only that portion in front of any one lot is chargeable to that lot. It is reasonable to assume also that a person owning a 50' lot would expect to sell his lot at a higher price than a person owning a 25' lot; and, with the increase in the value through having sewerage, it is reasonable to assume that the increase in value would be in proportion to the size of the lot. Thus the charge on a front foot basis would seem to be a fair one.

### Purple Cross Fund Assistance Available

The Coleman Elks Lodge are promoting the Elks Purple Cross Fund to help needy children in Canada and the local lodge has pointed out that this assistance is available to any one regardless of whether or not they are Elks or Royal Purple members.

The Elks Purple Cross fund will grant assistance to any needy child 16 years of age and under, who may need medical attention, surgery or the essential necessities of life which they are being deprived of through unemployment or sickness of the parents. It must however be realized that any assistance necessary given by the fund can be only of a temporary nature.

The members of the BPOE and OORP have accepted a challenge to provide money necessary to assist needy children in Canada where no other measure of assistance is available from Government, Municipal or welfare agencies. The help is not limited to any particular disease, disability or need.

The Grand Lodge at its convention in 1956 authorized the formation of the Elks Purple Cross Fund with the Purple Cross as its National Symbol, its purpose being to create and stimulate interest in extending relief to needy children without regard to race or creed.

The local Elks Lodges in the Pass contribute to this Fund and assistance is open to anyone in the categories mentioned above. Interested persons have only to contact the Elks Lodges for more information on the fund.

### Lions Elect Officers

The Coleman Lions Club at its May meeting elected the following slate of officers to head the club for the next term and these men were installed to office at the June 11th meeting.

The new slate comprises:

President, Gordon Dunford.  
Vice-president, Dr. Emil Aielo.  
Secretary, Fred McLeod.  
Treasurer, Joe Gettman.  
Lionel Elder, Arthur Graham.  
Lion Tamer, Roy Whitehouse.  
Trail Twister, Arthur Juhlin.  
Directors, for year, Joe Zak, Mike Gibney, and two years, Orzias Celli and Roy Upton.

Plans are now complete for the Annual Hose Coupling Competitions to be held in Coleman July 1st. According to Fire Chief Henry Zak, some 12 to 14 teams from Alberta, British Columbia and Montana are planning to take part in the affair as well as several local Cub teams that take part in a special junior event.

The affair will get underway at 12 noon sharp when the firemen will form a parade at the fire hall and march down the main street to the competition grounds near the school.

The competitions will get underway at 12:30 p.m. and all times

will be clocked with an electrical device. During the afternoon of events, plans call for a demonstration of uses of the pumper unit and other fire fighting equipment. A children's merry-go-round is to be set up on the grounds as well as a refreshment booth.

In the evening the visiting firemen, their wives and guests will enjoy a banquet and dance in the Coleman Elks hall.

Draw for the girl's or boy's bike will be made at the affair where presentation of prizes and awards to the winners of the competitions is also to be made.

### Tombolu Prize Winners At Polish Bazaar

The Coleman Polish Society held a very successful bazaar in the Polish hall on Saturday, June 10.

The following are the Tombolu prize winners:

1st, ticket 390, D. Romanowicz; 2nd, ticket 741, E. MacDonald; Coleman; 3rd, ticket 946, K. Bowman, Coleman; 4th, ticket 474, G. Juhlin, Coleman; 5th, ticket 91, J. Hurtak, Bellevue; 6th, ticket 248, W. Holyk, Coleman; 7th, ticket 80, D. Domolewski, Lamond, Alberta; 8th, ticket 758, E. Townsend, of Coleman; 9th, ticket 460, D. Bowman, Coleman; 10th, ticket 865, S. MacLeod, Coleman; 11th, ticket 317, J. Mistal, Coleman; 12th, ticket 912, A. Vrskovy, Coleman; 13th, ticket 292, H. Urwin, Coleman; 14th, ticket 774, L. Field, Coleman; 15th, ticket 64, M. Malysa, Coleman; 16th, ticket 262, W. Cichy, Coleman; 17th, ticket 20, O. Celli, of Coleman; 18th, ticket 457, T. Lefaux, Calgary; 19th, ticket 863, C. Cardie, Coleman.

The committee wishes to thank all the merchants who kindly donated the above prizes.

The tea prize was won by Mrs. D. Filafilo and the cake by Mrs. C. Garner.

### Tax Rate Set at 45 Mills

Coleman Ratepayers will again enjoy a 45 mill tax rate this year and discounts of 10% and 5% will be enjoyed if taxes are paid on or before designated dates. The low rate has been enjoyed by residents of Coleman for a number of years.

### Coleman Library Book Drive

The Coleman Public Library will make a canvass for books for their new library on Monday and Tuesday, June 26 and 27.

Anyone wishing to donate books are asked to please call any of the following numbers: 3623, 3629 or 3684 and arrangements will be made to have same picked up.

### Japanese Visit The Pass

Mr. O. Sonoda of the Mitsubushi International Corporation of New York was a visitor in the Pass last week.

Mr. Sonoda, who is in charge of purchasing Canadian coal from the Coleman Collieries for Japanese steel firms is making a survey of mines in the West. On completion of his tour he will return to New York to take up residence.

Coleman Collieries are at present filling a 150,000 long ton order of coking coal which they anticipate filling by March 31, 1962.

The Collieries employ some 300 men and coal for this order is mined at the Vicary Creek mine some 12 miles north of Coleman.

### Card of Thanks

We would sincerely like to thank all the ladies who helped to make our Bazaar and Tea such a success.

The Committee Polish Society.

"In the meantime let's not forget to take our hats off to this one."

### OF MANY THINGS (by Ambrose Hills)

#### Committee On Broadcasting

Some extremely interesting information is being brought to light by the parliamentary committee studying the broadcasting industry. Rather startling is the fact that CBC's Press and Information Services Department has grown like the green bay tree. There are 224 persons now employed in that department. In point of fact there are almost three times as many people engaged in public relations and information for CBC than are employed in the department handling the news of the world! As one M.P. put it, "This seems like a tremendous number of bodies distributed through the corporation that are dealing with information services, public relations programs etc."

Mr. Fraser of CBC countered that in reality only 81 of these bodies are engaged in publicizing the CBC, 50 of them being publicity officers and 31 clerical staff.

One question still unanswered, as far as I can discover, is what the Press & Information Department cost in the past year. The CBC conveniently stopped reporting the cost of this department in its annual report.

The last reported figure was well over the million dollar mark. My guess would be that it is nearing two-million mark annually — and probably costs CBC twice as much as it does to gather and broadcast the daily news!

There will be more information brought to light when the answer is filed to this question by Mr. Smith of Calgary South. He said "I should like to get a further breakdown of the cost of programs as shown on page 24 of the statement of operations. The total given there is \$57,890,000 and I assume the major costs would be production charges, fees for actors and so on; but I should like to know if such costs as copyright are included, and whether there is any apportionment for promotion and public relations and any other particular fees contained in this."

Mr. Oulmet answered, "We could give you exactly what is included under that heading, and perhaps some broad categories of expenditures within that."

It will be interesting when and if that information is filed, to find out what CBC means by "And perhaps some broad categories of expenditures within that." The fact is that CBC spends only 17.6c out of every dollar on performers and writers. How it can charge up 58.2 cents of each dollar to programs is a mystery that requires explanation.

### Krish - Sheptycki Nuptials Observed On June 3

On Saturday, June 3, 1961, at Our Lady of Loretta Chapel, Nampa Air Force Base, Edmonton, was the scene of the wedding of LAC Norman Krish, son of Mr. and Mrs. W. L. Krish and Miss Glory-Anne Sheptycki, daughter of Mr. and Mrs. Joe Sheptycki of Edmonton. The ceremony was performed by Rev. McNeil.

The bride entered the Chapel on the arm of her father, who gave her in marriage. Her gown was floor-length white silk organza featuring a full-skirt with scalloped lace trimmed with roses. The top was of lace with lily-point sleeves with a finger-tip illusion veil. She carried an orchid surrounded by stephanotis. Mrs. Florence Dombrusky, her sister, was matron of honor, and bridesmaids were Miss Gay Graf and Miss Connie Kudryk. Miss Christine Dombrusky was flower girl. The attendants were dressed in identical white organza dresses with matching head-dresses and they carried nosegays of roses, daisies and carnations.

Best man was Keith Krish, brother of the groom and groomsmen were Harry Antonson and Cliff Small. Ricky Dombrusky was ring bearer, and ushers were Rudy Sheptycki, brother of the bride and Duke Dukelsky.

A reception and dance for some 250 guests was held at the Norwood branch of the Canadian Legion. The rooms were tastefully decorated with pink and white bells and streamers and the head table was centered with a three-tiered wedding cake and complemented by baskets of pink gladioli. The guests were received by the bride and groom.

The bride's mother wore a dusty rose sheath with an orchid corsage and the groom's mother wore a grey and green nylon afternoon dress, also with an orchid corsage.

The gift from the bride to the groom was a Black Alaska tie pin and to her attendants she gave a strand of crystal and the flower girl received a locket. The gift from the groom to the bride was a brooch and ear-ring set and to his attendants he gave tie pin and cuff link sets.

After their honeymoon they will travel to Marville, France, where the groom will be stationed for the next four years.

Out of town guests included Mr. and Mrs. W. L. Krish, Mr. and Mrs. Ed Dase and family, Mrs. Mary Pownall, Miss Barbara Krish all of Coleman, Alberta; Mr. and Mrs. Len Luchansky of Lethbridge, Alberta, and Mrs. Keith Krish of Jasper, Alberta.

### Alberta Marriage Laws

At this time of the year many young couples, and older ones, too, contemplating marriage will be enquiring for information on the marriage laws of the province. If the enquiries are made of parents who were married twenty-odd years ago, the information received would in most cases not be up to date as marriage laws, like so many other things, change with time.

Those persons requiring such information should therefore seek it from an up to date source and far enough in advance of their wedding date so that they may proceed according to plan. Such information is obtainable from the Division of Vital Statistics, Department of Public Health, or from the 170 odd Marriage License Issuers located throughout the province. In some cases the Issuer may be a civil

servant while in others he may be a postmaster, a businessman or a store-keeper.

For the information of the general public, the following is a synopsis of the requirements necessary to obtain a marriage license:

Each applicant for a marriage license must file with the Issuer a form designated as Form F, certifying that a specimen of blood for the serological test for syphilis has been taken from the applicant and will be sent to the Provincial Laboratory for analysis. The blood test must be taken within 14 days prior to the date of the application for license. It is not necessary to await the result of the blood test before proceeding with the application, the discretion being left with the applicant.

Each applicant must also subscribe to an affidavit of health, designated Form A, swearing that to the best of his knowledge and belief he has never been infected with venereal disease or tuberculosis. If the applicant has been infected with either of the two diseases stated, additional requirements are necessary.

The following additional requirements are necessary, depending on age and status:

The minimum age for marriage in the province is 16 years and for purposes of The Marriage Act, an applicant is considered to be a minor if under the age of 21 years. Those applicants under the age of 18 require the consent of both parents, if living, and applicants between 18 and 21 who have been residing apart from the parents or parent for three months or more immediately preceding the date of application for license without having received financial assistance from the parents, a notice of the marriage is forwarded to the parents by the Issuer and if the parents have a legal objection to the marriage they may file the objection with the Issuer within the waiting period of seven clear days. If no objection is filed, the license may be issued at the expiration of the waiting period.

Where the parents of a minor under the age of 18 years are divorced or separated under a decree of judicial separation or separation agreement, the consent of the parents having legal custody of minor, only is required, or where one of the parents is confined in a mental institution, by the other parent or if that parent is dead, then by a lawfully appointed guardian or the acknowledged guardian who has brought up and who for three years immediately preceding the intended marriage supported the minor. In cases as aforementioned evidence of the facts satisfactory to the Issuer shall be submitted.

When minor applicants are accompanied by the parent or parents and the parent or parents sign the required consent form, witnessed by the Issuer, the license is issued immediately. However, when it is necessary to notify the parents and receive consent by mail, there is a waiting period of seven clear days before the license may be issued, providing in the meantime the required parent's or parents' consent is received by the Issuer.

In the case of divorced applicant he must, in addition to the foregoing, wait for 30 days after the date of entry of his final decree of divorce before applying for a marriage license, and if he was divorced within the province must file with the Issuer a certificate issued by the Clerk of the Supreme Court certifying that no appeal has been entered from the final decree and the time for appeal has expired. The aforementioned certificate is not usual decree absolute but is a certificate issued after the time of appeal from the decree absolute has expired.

Where an applicant was divorced outside the province he must submit his final certificate of divorce for the perusal of the Issuer.

There is no residence qualification and a marriage license is valid from the date of issue to a period of three months.

### Card of Thanks

I wish to thank all the ladies who attended my shower, gave gifts, donated or helped in any way — also those who donated but could not attend and a very special thanks to the Hostesses.

Pat Seaman.

## Lethbridge Exhibition And Rodeo July 4 to 8

International Appaloosa Horse Show, Alberta Shorthorn Show, chuckwagon races, top cowboys from the rodeo world—these are some of the feature attractions for the 1961 Lethbridge and District Exhibition and Rodeo, July 4 to 8.

It's the first time an Appaloosa horse show has been brought to Lethbridge and the attraction is receiving keen interest from horse lovers on both sides of the border.

In addition, there will be the regular horse show held in conjunction with the exhibition and this also promises to be no lesser event.

Lethbridge exhibition officials again point out that the July 4 to 8 event is just prior to the big Calgary Stampede and many of the top cowboys and chuckwagon outfits will be participating at the southern city before going on to Calgary.

Prize money for the livestock shows and the various competitions totals about \$20,000.

Kicking off the big event officially will be the parade of floats and horses Wednesday July 5 at 9 a.m. Wednesday has been declared Citizens' Day at the fair. Friday is children's day with special attractions and prizes for the youngsters; Saturday is district day with a special welcome to all the country folk throughout Southern Alberta.

Thursday is livestock judging day, with more than 500 head of livestock to be on show. Top Canadian and American breeders have registered strictly championship calibre animals for the show and the prize money.

Advance tickets for afternoon rodeos and evening performances before the grandstand may be reserved by writing the Lethbridge and District Exhibition, or through the advance ticket sales office located opposite the post office in downtown Lethbridge.

Seating capacity of the grandstand has been increased this year by 600 seats, to make the total seating capacity 5100.

Art and 4-H exhibits, homecraft, commercial and industrial displays as well as evening fireworks attractions, will also be included on the program.

Two of the best clowns in the rodeo circuit in North America today have been lined up by the exhibition board to fill in the lulls at rodeo time. Herman Linder of Cardston, is arena director.

## Lions Bingo Winners

The Coleman Lions Club held its regular bingo night last Wednesday when prizes were won by the following persons:— \$10.00 cash prizes: Donna Jackson of Coleman, Mrs. T. Hillas of Blairmore, George Aristone of Coleman, Esther Ash of Coleman. Prizes of \$12.00 were split by Bert Young, Marje Kubica of Coleman, Katie Mottle of Bellevue and Alan Carlson of Blairmore. Mrs. R. Derberysire and Edna Campbell of Coleman and Mrs. Wattman of Blairmore and Bill Adams of Pincher Creek.

A \$12.00 cash prize was won by Mrs. P. Rosio of Bellevue. A \$10.00 consolation prize on the \$90.00 jackpot in 55 numbers was awarded to Mrs. Polly Snowden of Coleman and a \$12.00 consolation prize was awarded to Mr. Soman of Coleman on the \$105.00 jackpot in 56 numbers. Door prizes were won by Allen McDonald, Agnes Rypien, Rina Rinaldi and Eric Gudmunson.

The next bingo night will be on June 28th when the jackpot prizes will jump to \$120.00 in 57 numbers and \$105.00 in 56 numbers.

## Aquarium News

In the spring a young bullfrog's fancy lightly turns to thoughts of love, and as a consequence the unwary visitor at the Calgary Aquarium may be startled by the sound of a gravel-throated "Chur-r-rump!"

Since the Calgary Aquarium, located on the grounds of the Calgary Brewery at 15th St. and 9th Ave. S. E., has been open less than a year, this is the first time Curator Elmer Taylor and his assistants have been able to see the influence of the spring season upon the habits of the fish, reptiles and amphibians here.

Many of the fish are more active than usual, and the trout, a major feature of the Alberta game fish display, are showing signs of spawning. But it's the frogs that are noisiest in announcing their intentions.

Displayed in a separate glass showcase, the large bullfrogs are becoming quite vocal and often

startle visitors to the Aquarium with their strange and loud croaking. The bullfrogs are native to Eastern Canada where their large jumping legs are an edible delicacy.

The Aquarium also has an exhibit of native Western Canadian frogs, the inch-long "chorus" frog, which despite its small size, has tremendous vocal chords. In their native habitat of Western sloughs and ponds chorus frogs "sing" in the cool of the early morning and during the evening, and frequently continue their singing all night long. Being in captivity at the Aquarium has not dampened their enthusiasm for their choral work.

Western chorus frogs, although not true tree frogs since they do not have the characteristic suction cups on their feet, are nevertheless adept tree climbers, according to Mr. Taylor.

They are also migratory in their habits, and when sloughs dry up where they have made their homes they often move out and travel overland to reach new water. For that reason it is easy to encourage them to make their homes in a garden where they will be useful in devouring insects. All the amateur gardener need do is provide a shady lily pond or other type of pool and the frogs will soon find it.

## P. M. Pleads For Sensible Driving And Walking

Calling on all motorists and pedestrians to realize their responsibilities in reducing Canada's heavy toll in traffic, Prime Minister John Diefenbaker pleaded for sensible, safe driving and walking "not only in the vacation period

that is approaching, but throughout the year."

The Prime Minister, in a message to Ira G. Needles, general chairman of the Canadian Highway Safety Council, referred to the increasing travel by Canadians in Canada.

"As they are joined by the thousands of motorists who come from the United States," he said, "the traffic on Canadian streets and roads has risen to remarkable proportions. Motoring hazards grow accordingly, particularly in the summer vacation months, and every means must be taken to meet the dire threat of increasing traffic hazards."

## Control of Moss And Other Weeds In Lawns

Many home-owners do not consider moss as a weed in their lawn. A little moss between the grass does not look bad at first, but when it spreads and replaces much of the grass, a lawn gets in a poor shape. There are good chemicals on the market which kill moss without harming the lawn grasses.

After the moss is eradicated some fertilizer should be applied to boost the growth of the grass so that it will fill out the bare spot. If the soil is very acid some hydrated lime or ground limestone is very helpful to get a better lawn.

This moss killer can be used to control moss on roofs which should be washed off with water several days later to prevent rusting of eave-trough and rain spouts.

June is still a good time to control broad-leaved weeds such as

dandelion, plantain and chickweed in lawns. During July and August the growth of these weeds is less active and the use of 2,4-D type weed killers is less effective during these months.

Dandelions and plantain are readily controlled by 2,4-D, but there are two other common weeds in our lawns, chickweed with its very small white flowers and oval leaves, as well as Black Medick clover with small clover leaves and yellow flowers. Silvex is similar to 2,4-D and will kill chickweed, clover, plantain and dandelion.

They are obtainable in liquid form for application as a spray or in dust form which is very handy for dusting small areas or spot-treatment.

## Mushrooms May Check Cancer

Eating mushrooms may check the growth of cancerous cells, according to recent findings by Japanese scientists.

During the tests, which covered a three-year period, a substance obtained from ground-up mushrooms was injected into 591 mice affected by cancer. Results indicated that 84 mice recovered while the disease was checked in 146 others.

The substance — still unidentified — is obtained from mashed-up mushrooms through the use of acetone and methyl alcohol. Japanese scientists have found that most of the 700 species of mushrooms contain the extract and, on findings to date, they believe mushrooms eaten at meals should check cancerous growth in humans.

They are now trying to produce the substance in crystal form to determine its chemical composition.

tion. After this, tests will be started on humans.

The experiments involve scientists from the Epidemic Disease Research Institute of Tokyo University, the Biology Department of Tokyo Medical and Dental University and the Tokyo Metropolitan Hygiene Institute.

## Tempting meals for summertime

It's easy to make tempting, tasty meals for your family every day and memorable meals for your summertime visitors when you plan your meals around B. C.'s fresh foods in season.

Here's a recipe for frying chicken that sets your taste buds a-tinging. Served hot or cold this chicken is mighty fine summertime eating.

### Holiday Chicken

1 frying chicken, cut-up  
1 cup dry bread crumbs  
1 teaspoon onion salt  
Quarter teaspoon garlic salt  
half teaspoon each: pepper, savory and curry powder  
1 cup mayonnaise  
Mix bread crumbs with seasonings. Roll chicken pieces in bread crumbs. Arrange on buttered cookie sheet, skin-side up. Place in hot oven, 400 deg. F., and bake 15 minutes to set the crumbs. Remove from oven and spoon mayonnaise over each piece. Return to slow oven 200 deg. F., for about one hour, or until done. Makes 4 servings.

Cucumbers in sour cream make a salad that goes well with almost any summertime main dish.

**Cucumbers in Sour Cream**  
3 large cucumbers, peeled and sliced  
two and a half teaspoons salt

half pint dairy sour cream  
3 tablespoons vinegar  
sprinkling of pepper

Place cucumbers in bowl. Sprinkle with salt. Cover with plate and weight. Refrigerate several hours or overnight. Drain. Mix in sour cream, vinegar and pepper. Makes four servings.

Fresh blueberries topped with sugar and smothered with cream make a fine fruit dish for breakfast or dessert for lunch or dinner.

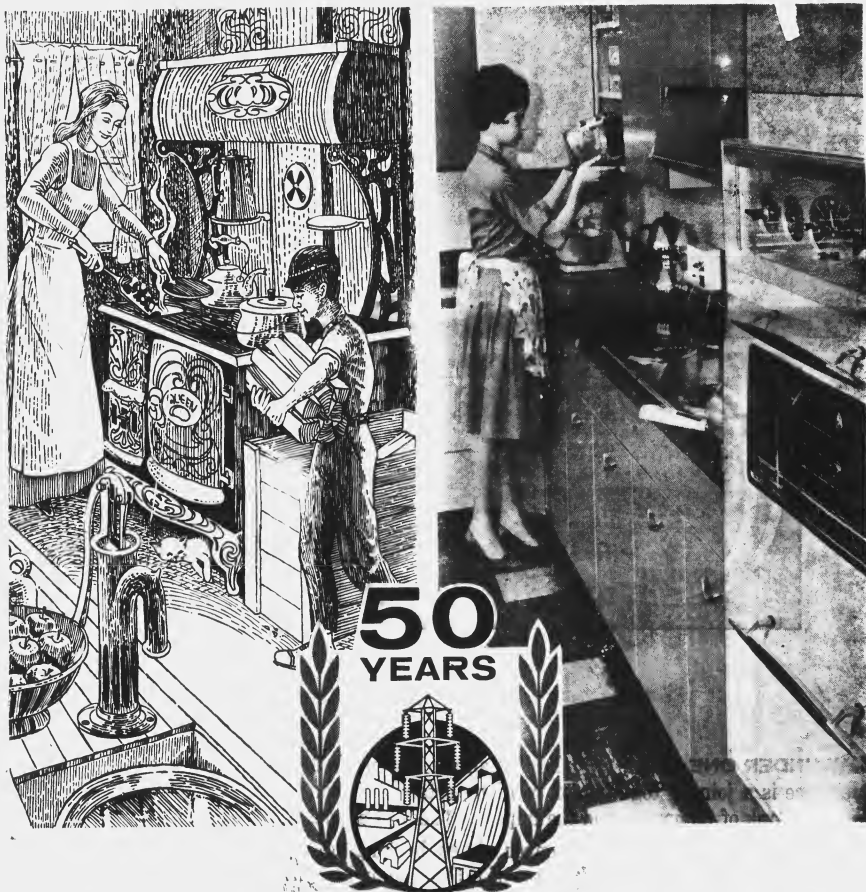

When the occasion demands a special treat you'll find this blueberry pie superlative.

### Blueberry Cream Pie

9 inch laked pie shell  
two and half cups blueberries.  
2 eggs  
three-quarter cup sugar  
3 tablespoons flour  
dash salt  
1 tablespoon lemon juice  
one-third cup orange juice  
1 cup whipping cream, optional  
Heat berries slowly until juice starts to run. Beat eggs slightly and add sugar, flour and salt. Mix well. Add this mixture to the heated berries. Cook, over low heat, stirring all the time until thickened. Remove from heat. Stir in lemon juice and orange juice. Add a few drops of red and blue food coloring, if desired to heighten color. Pour into pie shell. Cool. Top with whipped cream. Ice cream is a good topper for this delicious pie.

Chester, common ending for English town names, comes from the Roman word castr, meaning camp since many were originally Roman camp sites.

Best way to carve a tombstone is to chisel in traffic.

## CALGARY POWER LTD.

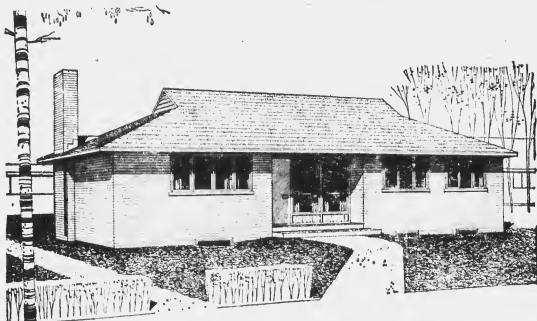

SERVING THE PROVINCE OF ALBERTA

Cooking is older than recorded history . . . nearly as old as man himself. The use of heat to make food more palatable dates back to the cave-man's open fire. But to bring it a little more up-to-date, maybe you remember how your mother complained about the old coal and wood stove. True, it's warmth was welcome in the kitchen during the winter, but not so welcome in the heat of summer.

And what a nuisance it was keeping the woodbox filled, keeping the stove clean, carrying out ashes. Today, it's electric cooking — the clean, fast, economical method that makes cooking fun — assures you of perfect results every time. All you have to do is set the oven time, put your meal in, and forget it. When you're ready for dinner . . . dinner's ready! YOU live better ELECTRICALLY!

# Novel Interior Layout Feature of Four-Bedroom Bungalow

Architect Dennis Peters, of Oakville, Ont., designed this four-bedroom bungalow which has many interesting features to its unusual interior layout.

Points to note are the living-dining area which overlooks and opens on to the back garden; the arrangement for eating in the kitchen; the access from the back door to the bathroom as well as the privacy gained by having no windows in the side wall of the house. Also of interest is the master bedroom which is separated from the other bedrooms by the entrance hall.

The total floor area is 1,598 square feet and the exterior dimensions are 52 feet by 29 feet. Working drawings for this house, known as Design 803, are available from Central Mortgage and Housing Corporation at minimum cost.

## John Kerr Lions Governor

John Kerr of Frank, was elected as Governor of District 37D of the Lions International at a convention held in Medicine hat, Thursday, Friday and Saturday, June 8, 9 and 10, which was attended by over 930 Lions representatives.

The appointment is effective as of July 1st.

Lions District 37D embraces 35 Lions Clubs, including ten from Alberta, and 25 clubs in the western part of Montana.

As part of his governor duties "Lion Johnnie", as he is better known to his many friends in the Pass will have to make at least one official visit during his one-year term of office to each of the clubs.

Lion Governor Kerr, accompanied by his wife Lioness Kay Kerr, will leave here Thursday for Calgary and Edmonton, where they will board a jet to Toronto, Ont., and then on to New York, arriving in Atlantic City, New Jersey, to attend a Lions International convention to be held from June 21 to June 24 inclusive.

Prior to attending the convention Mr. Kerr will attend a school for four days before the convention.

Next year John and Kay Kerr will attend the International convention which will be held in Nice, France, and on this tour Mr. and Mrs. Kerr is sponsored by District 37D. At last year's convention there were 87 countries of the 111 countries having Lions Clubs, represented at the affair.

Governor Kerr has been a loyal Lion for 19 years, and is a charter member and was the first president of the Blairmore Lions Club. He has served as a Lion Tamer,

Tail Twister and Treasurer of the local club and was Zone Chairman in 1958 and 1959, and Deputy District Governor in 1959-1960.

He has attended 12 district conventions and one International convention, and has a 15 year perfect attendance record of his home club.

Mr. Kerr, besides his good work in the Lions Club, has also been a very active community worker and for 12 years has been an active member of the Blairmore Board of Trade. He served for four years as a director of the Alberta Chamber of Commerce and is at the present time a vice-president of the Highway 63 organization and vice-president of the Roamin' Empire of Southern Alberta.

Jack and Kay have three children, a daughter Ann attending University in Edmonton, and two sons, John and George, at home. The couple operate the Turtle Mountain Hotel and Motel at Frank.

The occasion of Mr. Kerr being elected as Governor of District 37D marks the second time that the Blairmore Lions Club has had one of its members elected for this position which brings honor and recognition to a small town club which has only some 20 members. The other District Governor was Don Thornton of Blairmore, who held the office for the 1955-1956 term.

## Pipeline Workers Are Injured

Jerry Beckie of Blatsford, Sask., and Raymond Trahan of Edmonton, both employees of Majestic Construction Company, working on the 36-inch pipeline through the Crows Nest Pass, were rushed by ambulance to the Crows Nest Pass Municipal Hospital after 3:00 p.m. Friday afternoon, June 9, following a construction mishap. A 36-inch pipe is said to have rolled off of its supports when one section of the supporting timbers beneath the pipe broke.

Most seriously injured was Jerry Beckie, a swimmer, who was pinned between the pipe and a large tractor. He sustained injuries to his pelvis and legs and after being

treated at the local hospital for immediate injuries, he was rushed by ambulance to the Calgary General Hospital where he had an operation on his leg to remove a blood clot. He is reported to be in fair condition.

Raymond Trahan, a hot pass welder, was struck by the pipe and was knocked down and sustained bruises and injuries to his back. He is in the local hospital.

The accident occurred a few miles east and north of the north fork river crossing near the Walrod bridge.

## Elks Name Bingo Winners

The Coleman Elks Lodge held its regular bingo Friday evening, June 9, and although the \$200 cash jackpot prize was not won in 52 numbers, the consolation prize of \$15 was awarded to Ed Wakaluk, of Blairmore.

Other winners at the affair were: Grocery hamper, Charlie Roggiano of Coleman.

\$10, split by Mrs. W. Goodwin of Bellevue, and Al Austin of Blairmore.

Mantel radio, Steve Rypien, of Coleman.

\$18, Mrs. S. Mattson, Bellevue.

Picnic basket, Mrs. Cozzi, Coleman.

\$12.50, Mrs. T. Cunningham, of Coleman.

25 gallons gas, Mrs. L. Bubniak, Coleman.

Chair and stool, Wilfred Green of Coleman.

\$25 cash, split by Bert Young of Coleman, and S. Cerney, Frank.

\$10, Louis Bubniak, Coleman.

Coffee table, Mrs. Cozzi of Coleman.

\$15 grocery hamper, split by Tillie Korman and Elaine Sudworth, and one consolation prize awarded to Mrs. Lillian Montalbetti, Blairmore.

The next bingo night will be held in the Elks hall on the evening of June 23rd when a \$200 cash prize will be offered for the first blackout in 53 numbers.

Best way to get in the swim is to stay out of the dives.

MALE GETS MAIL — MOSTLY FEMALE

Nothing brings a smile to a performer's face like a fistful of fan mail. Tommy Common, popular radio and television singer, has good reason to be happy. He gets more than 1,000 letters a week, mostly from girls who like his looks and voice. Tommy has his own radio show, The Common Touch, Tuesday afternoons on the CBC Trans-Canada network.

### NOTICE

TAKE NOTICE that Local 2633 of the United Mine Workers of America, Coleman, Alberta, will apply to the presiding Judge of the District Court, at the Court House, Blairmore, Alberta, on Friday, June 30, 1961, at the hour of 10:00 o'clock in the forenoon, or as soon thereafter as counsel may be heard, for an Order appointing Steve Penny, George Jenkins and John Ramsay, all of Coleman, Alberta, Trustees (no survivorship) for the said Local in substitution of William H. Hayson and George Ford, registered owners of Lots 6 and 7 and the west half of 8, in Block 23, Plan Coleman 820 L, as Trustees for the Coleman Miners Hospital; and in substitution for George Ford, William Chapman, William H. Hayson and William Lees, registered owners of Lots 12 and 13, in Block 13, Plan Coleman 820 L, as Trustees for Coleman Mine Workers; and vesting title to all of the said lands in the said persons as Trustees for the said Local 2633 of the United Mine Workers of America.

Any person claiming an interest in the within property may appear at the said time and place and make such representations as he may be advised.

For further particulars apply to T. J. Costigan, Esq., Solicitor for the Applicant, Blairmore, Alberta. Dated at Blairmore, Alberta, this 29th day of May, A.D. 1961. TO: Members of "Coleman Miners Hospital" and "Coleman Mine Workers". Coleman, Alberta.

Approved:  
L. S. Turcotte (s.d.)  
J.D.C.

### Public Notice

#### Town of Coleman, Alberta

Synopsis of By-law No. 307 of the Town of Coleman, Alberta, being a By-law authorizing the Municipal Council to incur an indebtedness on behalf of the said Town for the purpose of providing a Sewerage System for the said Town.

- The recitals to the By-law state:
1. That according to plans, specifications and estimates made by the firm of Underwood McLeod & Associates Ltd., Consulting Engineers, the total cost will be \$260,000.00.
  2. That it will be necessary to borrow, on the credit of the Town, the sum of \$260,000.00 by issuing debentures to be repaid over a period of twenty-five years in annual or semi-annual instalments, with interest not exceeding 7% per annum.
  3. That the rateable property of the Town according to the last revised assessment roll is \$983,990.00, and that there is no existing debenture debt.
  4. That notice of intention, pursuant to the Town and Village Act and as outlined in Schedule "A" and forming part of this By-law, showing locations of the proposed sewerage system, cost of owners' portion, assessable amount per year and rate per foot, was duly published under date of June 7, 1961, and no signed petition against the local improvement was received.
  5. That the construction of the proposed sewerage system has been approved by the Provincial Board of Health under certificate No. 2543.

The By-law itself authorizes and empowers:

The Municipal Council to borrow on the credit of the Town the sum of \$260,000.00 by way of debentures at a rate of interest not to exceed 7% per year, repayable in 25 equal annual instalments of principal and interest.

It authorizes the Council to enter into such contracts as may be necessary for the construction and carrying out of the proposed sewerage system; and authorizes the Mayor and Secretary-Treasurer under the corporate seal of the Town to sign the necessary debentures.

It authorizes the raising annually by a rate sufficient therefor on all rateable property of the Town, an amount necessary to pay the Town's portion of the debentures and interest which fall due each year during the currency of the debentures after crediting the net revenues from the system.

The By-law imposes annually a special assessment during the currency of the debentures, to pay the owners' portion of the cost, on all lands fronting or abutting on that portion of streets or places wherein said sewerage

system is laid or benefiting therefrom, and at the unit rate as shown on Schedule "A" referred to previously, namely thirty-four cents per foot, in addition to all other rates and taxes.

The By-law provides that the indebtedness is incurred on the credit and security of the Town at large, but as to so much thereof as is not to be paid by the Town at large, the Town is to collect same only by way of special assessment as aforesaid.

### NOTICE

I hereby certify that the foregoing is a true synopsis of a proposed By-law No. 307 of the Town of Coleman which has been introduced and which will be finally passed within four weeks from the assent of the proprietary electors thereto.

The votes of the said electors shall be taken on the Fifth Day of July, A.D. 1961, between the hours of 10:00 o'clock in the forenoon and 7:00 o'clock in the afternoon, at the Council Chambers, Town of Coleman, Alberta. DATED at Coleman, Alberta, this 13th day of June, A.D. 1961.

T. A. COLLISTER,  
Returning Officer.

### Red Cross Sends More Supplies

Nine more cases of relief supplies left the Red Cross provincial headquarters in Calgary on Thursday, June 1st, to provide urgently needed clothing for children in India.

The shipment was sent in response to a request from the Indian Red Cross for infants wear and garments for children in the 2 to 12 year bracket.

Containing materials valued at \$1753. and made up by volunteers—members of Red Cross women's work groups throughout Alberta—the supplies contained layettes, crib quilts and children's under and outer wear.

The shipment is the third to leave Red Cross headquarters in the past month. Five cases of clothing were sent to Hong Kong and 11 cases of relief supplies were shipped to Jordan refugees and UNRWA during May.

Mr. and Mrs. C. Huffman were recent Lethbridge visitors.

Mr. and Mrs. Melville Cornett and son Eddie, accompanied by Mrs. Cornett's father of Bellevue, are holidaying in Montana and other U. S. A. points.

Mr. Gordon (Toby) Marconi, Mr. Vince Janostak, Mr. Donald Hill and Mr. Albert Halluck are working at Camp Smokey in the Hinton district with a prospecting crew under the leadership of Dr. K. K. Landis of the University of Michigan.

Rebecca Rose Westley celebrated her sixth birthday on Wednesday, June 21st by entertaining twelve of her juvenile friends at a party. Games and singing were enjoyed. A delicious lunch was served including the birthday cake. All joined in singing "Happy Birthday" while Rebecca cut the cake.

Mr. and Mrs. N. Ross and family were Lethbridge visitors recently.

Approximately forty relatives and friends from Coleman and Pincher Creek district gathered at the home of Mr. and Mrs. T. M. Brown in Pincher Creek on Sun., June 11th, to honor Mr. Brown on his 87th birthday.

Mr. and Mrs. J. Hanrahan visited at Fort Macleod over the week end where Mr. Hanrahan's father Mr. Austin Hanrahan is seriously ill in the Fort Macleod Municipal Hospital.

Kathy Krywolt celebrated her 9th birthday by entertaining several friends at her home Saturday, June 17th. The party proceeded to the movies and on their return Mrs. Krywolt served a delicious lunch to the youngsters including a candle decked birthday cake. All joined in singing "Happy Birthday Kathy".

Mrs. Irene Filafilo is a patient in the St. Vincent hospital, Pincher Creek.

Mr. and Mrs. J. Rushion were recent visitors at Brooks.

Miss Francine Kilgannon celebrated her 9th birthday on Saturday, June 10th, by entertaining eighteen of her school chums. The party journeyed to the movies, after which an enjoyable birthday supper was served by her mother and sisters. A dainty birthday cake was cut and served. All joined in singing "Happy Birthday" Francine.

Mrs. Albert Brown of Fort Macleod visited Mrs. J. Dick and Mrs. G. Marconi last week.

The Pythian Sisters of Coleman motored to Coaldale on Wednesday June 7th to attend the annual district convention. Of the 80 present at the affair there were members from the Coaldale, Medicine Hat, Lethbridge, Hillcrest and Coleman lodges.

Mrs. Louise McLeod has secured employment on the office staff of the Atlas Lumber Company.

Mrs. W. Shields (nee Helen Gate) from Cranbrook, B. C., is visiting her parents, Mr. and Mrs. W. Gate.

Friends are pleased to see Mr. Ray Bagley around again after being a patient in a Calgary hospital. Mr. Bagley states he will soon be away again on the "Trail Rides".

A successful tea and bake sale was held by the Pythian Sisters in Coleman, June 3rd, when the draw for the sheets and pillow cases was made and won by Spencer Field of Coleman and the candy guess by Mrs. Rose Lant of Coleman. The door prize was won by Mrs. Robinson also of Coleman.

Those attending sessions of Grand Chapter O.E.S. held at Banff were; Mrs. J. Colwell, Worthy Matron, Mrs. C. Garner and Mrs. J. Park of Coleman. Mrs. E. Bowman and Mrs. E. Guerard of Calgary. Mrs. R. B. Burgman and Mrs. Turner of Blairmore, Mrs. G. McLeod, Mrs. J. Fauville and Mrs. G. Bradshaw of Bellevue.

Mr. R. Upton and Mr. A. E. Graham attended Masonic Grand Lodge session held in the Southern Alberta Jubilee Auditorium, Calgary.

The Gold Ring Circus that was to have played a one night stand in Coleman last week did not appear much to the disappointment of hundreds of young people that had planned to attend. It is assumed that floods in British Columbia were partially responsible for the Circus failing to arrive.

Mr. and Mrs. O. Toser were the recent guests at the home of Mr. and Mrs. J. Vysolilid at Frank. (Mr. Toser is the Czechoslovakian Ambassador to Canada.)

Mr. and Mrs. S. Murdoch have recently purchased the home formerly owned by Mr. and Mrs. W. Holyk on 7th Street.

Mr. and Mrs. G. Fairgray and children of Red Deer visited the Pharis and Holstead families last week end.
